## Admission requirements

If your child is eligible for 15 hours' stretched funding, you have the option to have the entitlement stretched over one to five days a week.

If your child is eligible for 30 hours' stretched funding, there is a minimum requirement of three days' attendance. If you do not wish to attend three days a week, we would use the 15 hours stretched to cover one to two days' attendance.

Children attending full-time without funding benefit from a discounted fee, which is calculated based on 50 weeks a year, rather than 51 weeks a year.

There are a limited number of term-time-only places available. This would mean the funding is used over 38 weeks of the year. The funding would be split equally across the sessions attended. For example, five days a week with 30 hours' funding available would be six hours per day with paid hours to cover the remaining five. Please speak to the Nursery Manager for more information regarding a term-time place.

Fees are based on (weekly cost x 51 weeks/12 or based on actual sessions each month) and due on the seventh of the month. A minimum of one day session must be taken. Funding is applied the term after they turn 9 months/their birthday, if they are eligible.

Government funding is intended to deliver 15 or 30 hours a week of funded, high-quality, flexible childcare. It is not intended to cover the cost of meals, other consumables, additional hours or additional services. However, there is no charge for any meals or additional services provided by the nursery.

You may be entitled to a variety of funding options, such as Universal Credit, working families' support or 2Help.
